

HOME HEALTH AIDE

Training Program for Certified Nursing Assistants

**Spring 2021
Distance Learning**

Home Health Aide (HHA) Certification Course (48 hrs)

*(Earn College Credits - articulation with Mission College courses
AHL 020F and AHL 020G for 2.0 credits)*

This is a 48-hour course designed for Certified Nursing Assistants (CNA) that focuses on developing skills related to the care of clients in their own homes. Students must successfully complete 24 hours of classroom instruction and 24 hours of supervised clinical training. The Home Health Aide Certificate is issued by the California State Department of Health Services (DHS).

Due to COVID-19 limitations, clinical training hours may be simulated and demonstrated online via distance learning platforms, Zoom, and Google Classroom. In-person skills practice will resume when clinical sites are open to students. In the event that the clinical site is not available for clinical skills practice, small cohorts of students can complete the skills practice requirement in the adult school skills lab, according to safety guidelines provided by CDPH.

May 10 - May 27

Monday - Thursday

4:30 – 8:30 PM

Live Zoom Lecture: 4:30-7:30PM

Google Classroom/Additional

Coursework/Office Hours:
